Heathrow, UK

Our Freight and Packing Head office is conveniently located close to Heathrow Airport and offers a wide range of capabilities. Freight services include air export/import, road export/import, ocean export, and customs brokerage. Our packing facility offer full case making and packing capability including dangerous goods and heavy machinery.

The site enables us to offer a high degree of flexibility to our clients through the services and equipment available. With comprehensive cargo screening options for export airfreight, HMRC approved warehousing for import customs clearance; including clearance on wheels and heavy lift equipment with forklifts up to 16 tonne and our own overhead gantry crane.
