Office Profile

Rotterdam, Netherlands

Our Rotterdam office works closely with our Mainland Europe head office in Hamburg offering complete supply chain management, including consulting services and compliance as well as air, ocean and road freight services, container handling, warehousing and project handling.

Services

- Full supply chain management—we can deliver from procurement to packing, logistics, transportation and delivery, anywhere in the world.
- Freight - We remove costs at every stage, through minimising supplier lead times, accurate forecasting, order size and frequency, central inventory, secure warehousing and distribution. Service provided through air, ocean and road.
- Customs brokerage - We prepare the documents, calculation and payments for you and facilitate the travel of your exports and imports
- Consulting - We deliver tailored solutions to both small and large, and even the most complex aid procurement and development projects.
- Approved consignee/consignor status
- Customs clearance services
- Section 5 handling and storage
- We work on behalf of the current valid version of the FENEX
